Finishing the Easy Lace Triangular Shawl

After the sections, I worked the Stockinette st section once more, and 30 rows (7 in / 18 cm) in the Lace stitch, and then, 3 cm (1.5 in) in Garter stitch.

Then facing the WS, BO using the picot edge technique (please watch the video tutorial).

How to block the Lace Shawl

To obtain crispy stitches and a piece of plain fabric, soak the shawl for some minutes (without shaking). Simply wait until the fibers absorb the humidity.

Now, squeeze it gently, removing the excess water.

Place the shawl over a towel, using the palm of your hand to flatten it, and give it the right shape (for a better result, use some pins to fix it on the blocking board).

And let it air dry (avoid sun exposure).
